**RE: BICSI CECs (Continuing Education Credits) for UNIQUE Fire Stop Online Certification Training**

Thank you for your interest in supporting the professional development of individuals in the Information and Communications Technology (ICT) community. Upon successful completion of the referenced course/event, BICSI will recognize this course/event for:

**2 BICSI CECs**

These CECs will be posted on the BICSI website and will be valid for a (2) two-year term effective from the date of this letter.

**NOTE: IMPORTANT INFORMATION**

- **If the content, duration or modality of the course/event changes or differs from the original submission to BICSI and awarded BICSI CECs, it is the responsibility of the course/event provider to notify BICSI of any changes and resubmit a new Corporate and Industry CEC Application package for the new course/event.**
- **All courses/events awarded BICSI CECs should be listed as "BICSI CEC recognized," and CEC Providers may advertise themselves as "BICSI CEC Provider." Courses and events recognized for BICSI CECs and BICSI CEC Providers may not be advertised as "BICSI endorsed", "BICSI accredited", or "BICSI certified", and may not use the BICSI logo or language that implies implicit or explicit endorsement of the BICSI CEC Provider or its product or services by BICSI.**
- **BICSI reserves the right to rescind all CECs, at its sole discretion, from any event determined to violate copyright or trademark laws, to conflict with current policies set by BICSI, and/or to breach qualifications set with the procedures specified in this document.**

You May Market this course/event as recognized by BICSI for CECs using the BICSI Continuing Education Credit (CEC) Provider logo and marketing text. However, the BICSI name must only be used in a manner that avoids confusion or possible misrepresentation that the course/event is approved or endorsed by BICSI. Your organization is permitted to identify BICSI CECs in its course marketing material in the following manner:

*"Effective 5/23/2022, BICSI recognizes UNIQUE Fire Stop Online Certification Training training for BICSI continuing Education Credits (CECs)."*

A signed certificate must be issued to each individual who completes the course/event. The certificate must include the student name (typed), the completion date, the proper title, Event ID and the number of CECs approved for this course/event. It should be made clear to your attendees that BICSI CECs are issued ONLY to BICSI credential holders.

For questions or appeal concerning the number of CECs, please contact [CECProviderApp@bicsi.org](mailto:CECProviderApp@bicsi.org)

Sincerely,

Penni Ferguson
